

RSF SERIES

All-in-one type for feeding,
ironing and folding

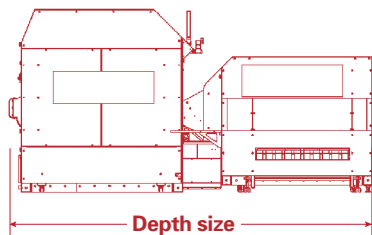

300 [CAPACITY]
300/h

One-person operation realizes labor-savings.

Processing of "300 bedsheets per hour" from feeding to folding all performed by one operator.

Pillow cases are manually fed from the front of the machine and discharged from the lower front after ironing.

Integrated compact type realizes space-saving.

Substantial space-saving from the integrated compact type compared to installation areas of conventional feeders, ironers and folders.

Substantial space-saving

3953 mm

Fully-equipped specifications achieve outstanding cost performance.

Ironer is equipped with feeder and folder.

The integrated low-cost type does not require combination of devices as with conventional equipment.

Yamamoto Manufacturing Co.,Ltd.

IRONER RSF300

SPECIFICATION / MODEL : RSF300

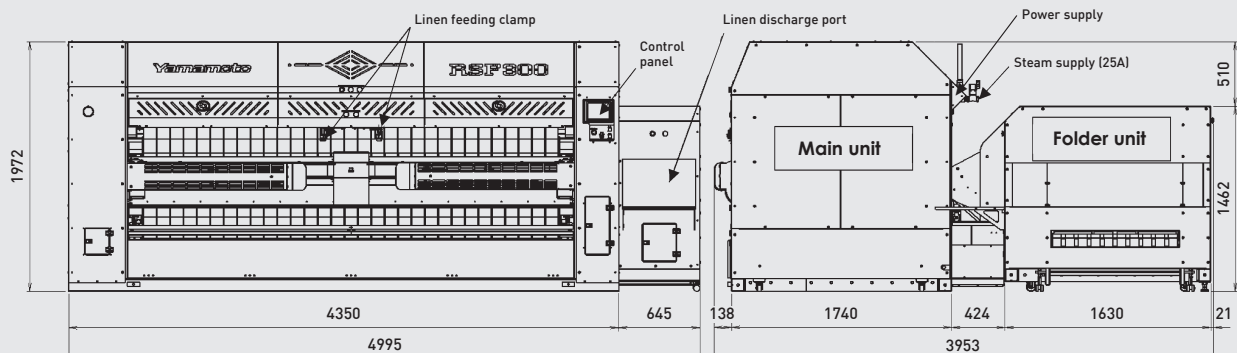

Applicable linen	Bed sheets, Duvet covers, Pillow cases(ironing only)	
Maximum linen size	W3,100 X L3,100	
Minimum linen size	W1,200 X L1,200	
Stacking pieces (*Not available for pillow cases)	1- 30 pieces	
Maximum processing capacity (*Double size bed sheets)	300 pieces	
Compressed air supply	Working pressure	0.6MPa
	Consumption	360L/min

Steam supply	Working pressure	0.6 - 0.9MPa
	Consumption	160 - 180kg/h
Power supply		AC200V 3-Phase
Total motor capacity		4.142Kw 4P
Total load current		27.47A
Circuit breaker capacity		40A
Machine weight		7,936kg (Main unit 5,420kg, Folder unit 2,536kg)
