FUT SERIES

Primary fold (PF) 1/3 and 1/2 towel folder

10F3W

[CAPACITY] **600/h**

High-quality folding

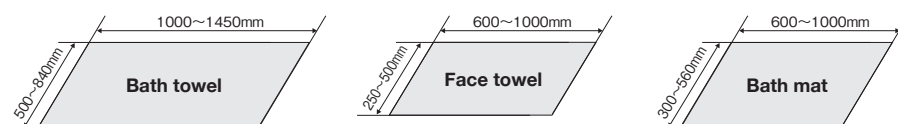

Eject button

Modifiable ejection port

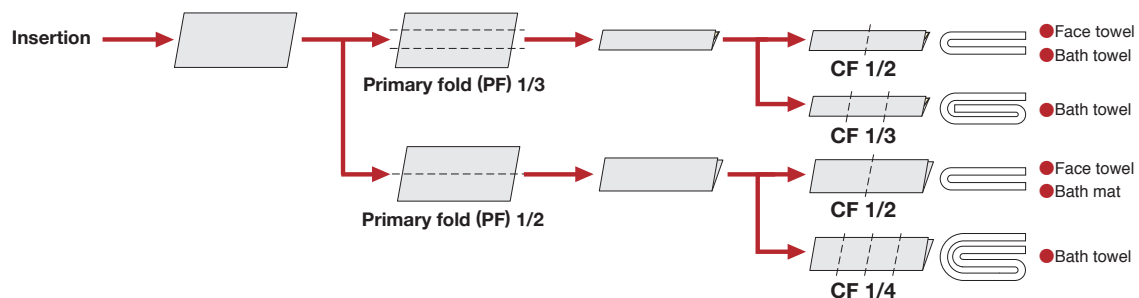

The industry's first long-sideways feed model

FT10F3W is "the industry's first" long-sideways feed model moving ahead of conventional vertical feed models. This innovative method enables the insertion belts to move slower, and allows the operator to handle towels more easily and gently during insertion.

PROCESSING SIZE

PROCESSIBLE ITEMS

TOWEL FOLDER FT10F3W SERIES

SPECIFICATION / MODEL:FT10F3W
