

WASHER EXTRACTOR Forever machine

WUN SERIES

Steam & Heater

1184AU

[CAPACITY] **118kg**

We manufacture 97% of the components necessary for assembly in our factories in order to realize production of high-quality and high-durability products.

We strictly control in-house manufacturing even if it means making one small part at a time in order to provide products that are robust and deliver high performance.

In addition, our production methods deliver a permanent stable supply of components.

This flagship is indicative of the perfected Craftsmanship that gives these washer extractors the FOREVER name they have earned.

Tilts in both forward and backward directions

Tilt angle: 14° both forward and backward directions

Drainage can be selected from five directions

Back: 2 locations, right side: 1 location, left side: 1 location, bottom: 1 location

Tilt angle
14°

WASHER EXTRACTOR WUN1184AU

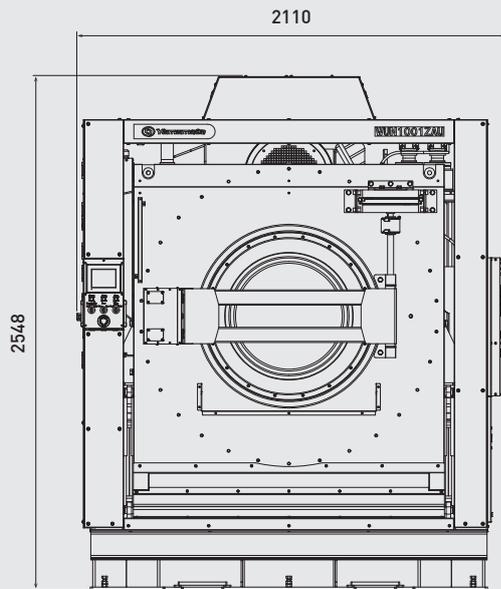

Touch Screen Operator Panel

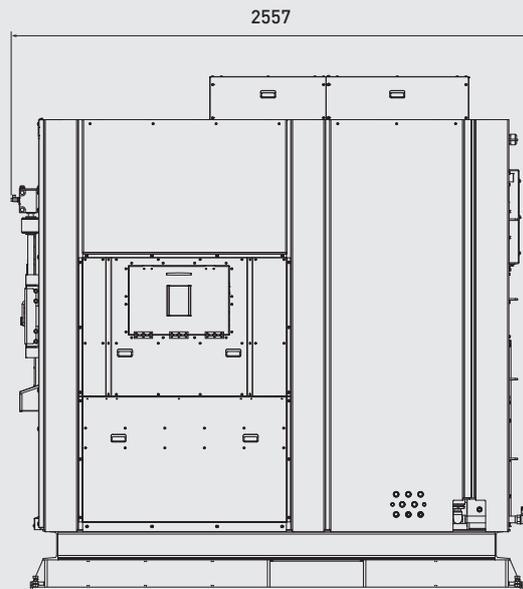

SPECIFICATION / MODEL: WUN1184AU

Max capacity	118kg	
Drum	Diameter	1,320mm
	Depth	860mm
Speed	Wash	20-40rpm
	Extract	100-640rpm
Power supply	415V 3-Phase 4-wire	
Motor	18.5Kw 6P	
Supply pressure	Water	0.1-0.3MPa
	Hot water	0.1-0.3MPa
	Steam	0.5-0.7MPa
Machine weight	5,900kg
